

Acumatica + MyCarrier + Opus

Seamlessly Integrate All of Your Shipping Operations

Integrating Acumatica with MyCarrier Enables:

Order Integration

Integrating MyCarrier with Acumatica reduces shipment processing time from ~ 8 minutes to just 90 seconds. Once tendered, shipment details such as rates, transit times, tracking, and carrier details are automatically updated in Acumatica.

Bill Integration

Streamline your vendor payment process with easy Bill Integration. As freight invoices are audited and approved in the MyCarrier platform, our integration automatically creates a vendor bill inside Acumatica.

Acumatica LTL Rating

Enable your customer success and sales teams to quote and confirm carrier selection directly in Acumatica, accelerating the quote-to-shipment process and boosting efficiency.

Our Acumatica Integration helps you avoid:

- X** Making mistakes when manually entering shipment details
- X** Using multiple applications to manage your shipping operations
- X** Increasing labor costs and hiring more people to solve problems
- X** Limiting your revenue and scalability based on team capacity
